

A heartfelt thank you to all Members, Volunteers and friends of Enrych, including the great support from Luminex Consulting Ltd and Sorce Ltd.

Festive Lunch 2025

A wonderful afternoon was had at the Novotel, Friar Street, who once again provided outstanding food and service for all our guests. It was a good turn out and was a delight to see so many people enjoying the afternoon.

For further photos, please see page 2.

Enrych Berkshire has had a very positive year. I feel proud to be part of the charity and to build connections and support so many people. I look forward to seeing the charity continue what it believes in and to progress further.

It was an exciting year making the final four for the Community Award in the BBC Berkshire Make a Difference Awards and we have been nominated for the Kings Award for Voluntary Service – fingers crossed! Thank you, John Sykes Foundation, for the nominations.

 **Luminex** We have a new business address, thanks to Luminex Consulting Ltd who have made us feel very welcome.

 **sorce** We are very pleased that for another year, Sorce Ltd are continuing to make Enrych Berkshire their charity of the year.

It is great to not only have the support from these two companies, but they are keen to be involved, and I am sure you will get to know some of their staff at Enrych events.

Walk to Enrych 2025 was a great success.

We will be organising something similar in 2026 ... keep an eye out for further information.

Funding has been secured from Reading Borough Council which will help the charity, but we will be looking for more funding opportunities to help develop Enrych, plan for the future and continue to support those who are in need.

Enrych has a wonderful team of volunteers who are very empathetic and love to enjoy time with their matched member.

Should you know anybody who may gain from the support of a volunteer or would like to find out more information regarding volunteering, please do contact marie.garland@enrych.org.uk

Enrych Festive lunch 2025

Enrych Berkshire match like minded volunteers on a one to one basis with their members. All members have some form of physical disability and having a volunteer brings an extra spark to their life. They can enjoy an interest or leisure activity of their choice, something they can share with the volunteer. In the next edition I will be providing updates on how matches are progressing this year.

Flexible volunteering opportunities in Reading and West Berkshire
